

THE SKINCARE CLINIC

a non-invasive, manual exfoliation treatment made popular by celebrities over the past couple of years. It's the must-have facial treatment to remove vellus hair & dead skin cells using a small sterile blade. Leaves the skin glowing, fresh & hair free, also making it ideal as a prep for other skin care treatments & allows for make up to be applied effortlessly. This facial treatment can be done every 3-4 weeks to maintain that smooth feeling and glowing look. Our dermaplaning therapist is highly skilled with over 2 years experience, she is also an award winner in this treatment.
